Camp Fire USA N.J. Council forms partnership with City of Angels

Camp Fire USA New Jersey Council's goal for many years has been focused on the prevention of violence and substance abuse through educational programs that strengthen self-esteem and self-confidence in children to decrease dangerous risk taking behavior.

The partnership with City Of Angels will benefit both children and families where a need is identified and is looking forward to this partnership that will strengthen both parties.

Camp Fire USA New Jersey Council is a member, chartered in 1936, of the National Organization. Since 1986 the focus has been on self-reliance programs for children in their school classrooms. Camp Fire delivers its programs in 13 counties and serves over 25,000 children and their families annually throughout New Jersey.

The agency is dedicated to developmental asset building through educational programs teaching self-reliance, foster self-esteem, and instill good

habits. The programs focus on making good choices and teaching techniques for the prevention of the use and abuse of ATOD's (alcohol, tobacco, and other drugs).

The programs provide children and youth with asset building strategies that can assist them in dealing with important everyday life issues such as: peer pressure, teasing, bullying, cyber-bullying, harassment, cyber-harassment, etc. The mission of Camp Fire USA is to build caring, confident youth and future leaders.
